Commencement Speaker

David Newbern

Arkansas Supreme Court Justice David Newbern, a former law professor and acting dean of the School of Law at Fayetteville, was elected to the Arkansas Supreme Court in 1985. His distinguished legal career includes a term on the Arkansas Court of Appeals, and he also is a faculty member for the Senior Appellate Judges Seminar at New York University.

From 1974 to 1984 Newbern was a member of the Arkansas Supreme Court's committee which developed the rules of civil procedure used in all Arkansas courts. A professor at the University of Arkansas, Fayetteville, School of Law from 1970 to 1984, he is the author of *Arkansas Practice and Procedure in Civil Cases*, published in 1985.

Justice Newbern received his B.A. and law degrees from the University of Arkansas, Fayetteville, a Master of Laws degree from George Washington University, and a Master of Arts degree from the Fletcher School of Law and Diplomacy. Judge Newbern was a major in the U.S. Army Judge Advocate General's Corps.

Judge Newbern is an avid guitar, banjo, and mandolin player, and served as the first administrator of the Ozark Folk Center in Mountain View, Arkansas, in 1973. He grew up in Fayetteville, is married to the former Carolyn Lewis of Fayetteville and has two daughters, Laura and Alistair.

The University Mace and Batons

The mace and batons are symbols of the authority and history of the University and are made from newel posts from the original main staircase of Old Main, erected in 1875, the oldest University building now standing. The batons are carried by members of the faculty who have served as chairs of the Campus Council or the Campus Faculty. The mace is carried by the chief marshal, who is the current chair of the Campus Faculty.

Marshals' Gowns

The gowns worn by the marshals are of the traditional University color, cardinal red.

Honor Stoles

White or cardinal stoles denote students who are candidates for University honors. White represents High Honors (summa cum laude) and cardinal represents Honors (cum laude).

Academic Regalia

The styles of gowns differentiate degree level. Trim of doctoral gowns indicates nature of degree (black or dark blue—Ph.D.; light blue—Ed.D.). Certain members of the faculty wear distinctive gowns and hoods authorized by their doctoral institutions. The lining of the hoods denotes the color(s) of the institution awarding the degree. The official colors of the University of Arkansas are cardinal and white.

The color of the velvet band around the hood designates the academic degree of the wearer. Some examples are listed below:

Agriculture	<i>Maize</i>	Medicine	<i>Green</i>
Architecture	<i>Blue Violet</i>	Music	<i>Pink</i>
Arts and Letters	<i>White</i>	Nursing	<i>Apricot</i>
Business and Bus. Admin.	<i>Drab</i>	Pharmacy	<i>Solid Green</i>
Economics	<i>Copper</i>	Philosophy	<i>Dark Blue</i>
Education	<i>Light Blue</i>	Physical Education	<i>Sage Green</i>
Engineering	<i>Orange</i>	Public Administration	<i>Peacock Blue</i>
Fine Arts	<i>Brown</i>	Public Health	<i>Salmon Pink</i>
Forestry	<i>Russett</i>	Science	<i>Golden Yellow</i>
Home Economics	<i>Maroon</i>	Social Science	<i>Cream</i>
Humanities	<i>Crimson</i>	Social Work	<i>Citron</i>
Journalism	<i>Crimson</i>	Speech	<i>Silver Gray</i>
Law	<i>Purple</i>	Theology	<i>Scarlet</i>
Library Science	<i>Lemon Yellow</i>	Veterinary Science	<i>Gray</i>

The University Song

In 1909 a prize of fifty dollars was offered for the best poem relating to the University of Arkansas which should be capable of being set to music and used as a college song. Out of many entries, that of Mr. Brodie Payne, '06, of Hot Springs won the prize. The words were set to music by Professor H. D. Tovey, Director of the Conservatory of Music and Art at the University.

Alma Mater

Pure as the dawn on the brow of thy beauty
Watches thy soul from the mountains of God
Over the Fates of thy children departed
Far from the land where their footsteps have trod.
Beacon of Hope in the ways dreary lighted;
Pride of our hearts that are loyal and true;
From those who adore unto one who adores us—
Mother of Mothers, we sing unto you.

We, with our faces turned high to the Eastward
Proud of our place in the vanguard of Truth,
Will sing unto thee a new song of thanksgiving—
Honor to God and the Springtime of Youth.
Shout for the victor or tear for the vanquished;
Sunshine or tempest thy heart is e'er true;
Pride of the hills and the white-laden Lowlands—
Mother of Mothers, we kneel until you.

Ever the Legions of Sin will assail us,
Even the Battle in Cities afar;
Still in the depths will thy Spirit eternal
Beckon us on like a piloting Star.
Down the dim years do thy dead children call thee,
Wafted to sleep while the Springtime was new;
We, of the Present, thy Hope of the future—
Mother of Mothers, we pray unto you.

The University Seal

The Seal of the University of Arkansas is affixed to each diploma and is stamped in gold on each diploma cover. The central element in the Seal is the front entrance to Old Main, the oldest building on the campus. Appearing on the cover of this commencement program is a pen and ink drawing of the entrance to Old Main, by artist Jay Bogan.

Wiley A. Branton

The late Wiley A. Branton stepped onto the national stage in 1957 as chief counsel for the seven black plaintiffs in the Little Rock school desegregation case that year. When he died last December, two days after his 65th birthday, Wiley Branton left a legacy of accomplishments in the fields of education, civil rights advocacy, and legal practice that will inspire those who share his dreams and concerns for generations to come.

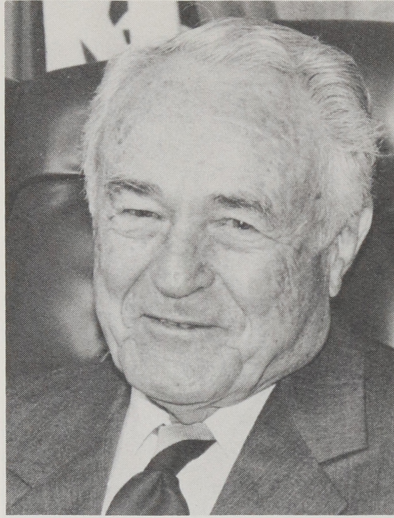

Branton received his law degree from the University of Arkansas in 1952, only the third black student to do so. The vigorous intellect, determination, and persuasive powers he demonstrated eventually carried him in 1978 to the deanship of the Howard University School of Law in Washington, D.C., a position he held through 1983.

In 1962 Branton accepted the challenge of heading the Voter Education Project, a cooperative effort that registered over 600,000 black voters in 11 southern states and helped create the momentum for the 1965 Voting Rights Act. He was unanimously approved for this leadership post by the nation's civil rights leaders, including Martin Luther King, Jr. He also served as lawyer for the Freedom Riders and many others of those on the front lines during the civil rights struggle of the 1960s.

Branton served as executive secretary of President Johnson's Council on Equal Opportunity, and he served as special assistant to two Attorneys General. From 1967-1969 he was executive director of the United Planning Organization, the Washington, D.C., anti-poverty agency.

Branton is survived by his wife, the former Lucille McKee of Memphis, Tennessee. They had six children, Richard, Toni (deceased), Wylene, Wiley Jr., Beverly, and Debra.

Honorary Degree Commendation

Sidney S. McMath

Sidney S. McMath, the 34th Governor of Arkansas, has served his nation and his state with an uncommon combination of courage, propriety and leadership.

Governor McMath attended the University of Arkansas in the 1930s, holding down part-time jobs and serving as president of the student body while earning his law degree. Fighting with the United States Marines in the Southwest Pacific during World War II, he was decorated with the Silver Star and the Legion of Merit and received a battlefield promotion to lieutenant colonel at Bougainville, Solomon Islands. In the 1960s he achieved the rank of major general in the Marine Corps Reserve and was appointed to the Reserve Forces Policy Board by Secretary of Defense Robert McNamara.

Returning home to Hot Springs after the war, McMath led a coalition of reform-minded veterans whose support helped elect him Prosecuting Attorney. In 1948, at the age of 36, he entered the race for governor and defeated a field of nine in the Democratic primary and runoff, going on in victory to become the youngest governor of Arkansas since the Civil War. His conduct during this successful campaign rejected the racial demagoguery of his opponents and presaged the style and substance that garnered for him a well-deserved reputation as a progressive reformer.

Governor McMath's two terms were marked by a succession of notable accomplishments. He improved the state's highway system and expanded health care programs, including launching construction of the University's medical center in Little Rock, upgrading the medical school, and expanding mental health services. He appointed blacks to many previously all-white state boards and commissions and fought for repeal of the poll tax. He championed electricity for the rural areas against strong opposition and won.

McMath's return to law practice has also been characterized by leadership in both the public and private sectors. The senior member of the McMath Law Firm in Little Rock, he has served as president of the International Academy of Trial Lawyers as well as numerous other positions of prominence.

Governor McMath is married to the former Anne Phillips of Slate Springs, Mississippi and has five children, Sandy, Phillip, Bruce, Melissa, and Patricia.

Rafael Guzman

Professor Rafael Guzman of the School of Law has made significant contributions to the criminal justice system in Arkansas. He is also nationally recognized as one of the most outstanding teachers of criminal law in the United States.

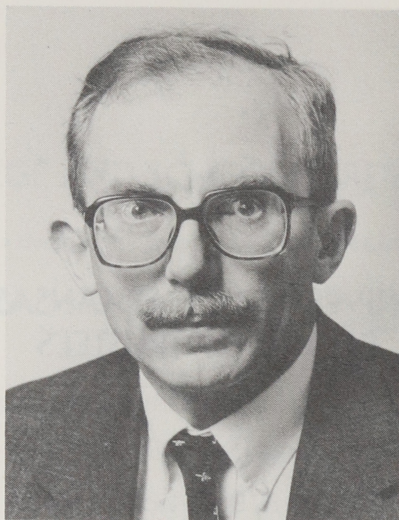

A faculty member since 1967, Guzman directed a project in the early 1970s which led to the adoption of a new Criminal Code and new Rules of Criminal Procedure for Arkansas. This mammoth undertaking succeeded because Guzman and his team of students not only documented and compared over a century of Arkansas law with the American Bar Association's Standard of Criminal Justice but also involved, educated, and won the near-unanimous support of judges, legislators, prosecutors, and practicing lawyers in the state.

Guzman, a recipient in 1984 of the Alumni Association Outstanding Teacher Award, is a charter member of the University's Teaching Academy. He was selected in 1988 by the law school student body as Outstanding Teacher. Guzman is responsible for initiating the clinical legal education program, including the senior law student Criminal Justice Intern Program and the Legal Assistance to Prison Inmates Program.

In 1980 Harcourt Brace Jovanovich selected Guzman to annually present lectures to law students preparing for state bar examinations in over 25 major cities. Guzman also directed the Des Moines Criminal Justice Center in 1974, establishing a model for improving the criminal justice system. He serves annually as an instructor for the Arkansas Prosecuting Attorneys Association training courses for new prosecuting attorneys.

Guzman is married to Terry Kirkpatrick, and has two daughters, Elizabeth Guzman Harris and Katheleen Guzman.

Peter Pulay

Professor Peter Pulay, the Roger B. Bost Distinguished Professor of Chemistry, is a world-leading theorist and practical innovator in the field of quantum chemistry. This branch of chemistry, which has been revolutionized by Pulay's discoveries, is the science of predicting chemical shapes and events from the basic laws of physics through computer simulation. Because it eliminates actual laboratory trial and error, this science will ultimately make the chemical industry more economical.

Pulay's most important scientific achievement, to date, is the introduction of the gradient method, which has made possible detailed studies and predictions with an accuracy never before achieved. The development of supercomputing power within personal computer workstations has led to the even more widespread use of Pulay's methods among the world's scientific community.

In 1982 Pulay was awarded the Gold Medal of the International Academy of Quantum Molecular Sciences. A member of the faculty since 1982, his research has been continuously funded by the National Science Foundation since 1985. Pulay's original paper on the gradient method, published in the journal, *Molecular Physics*, has been cited in more than 590 scientific publications and was declared a "citation classic" by the journal, *Current Contents* in 1988.

A native of Hungary, Pulay's most promising current research involves accurate, correlated calculations of important biological molecules like peptides, nucleic acids, and drug molecules. His research team is also focusing on efficient calculations of nuclear magnetic resonance chemical shifts.

Pulay is married to the former Agnes Kovacs, and they have a son, Balazs, and a daughter, Eموke.
